Dear Engineer,

I hope that you and your wife are doing fine. Since our last meeting I had a bad time. I had to undergo an operation because of stones in the kidneys and the bladder, and I was sick until yesterday. Today I am feeling much better and I think that I now got over the illness.

I went through an ordeal I also wrote HUGO about this but I am without news from him. I hope that he is doing fine and that everything is all right with him. Probably he went on a journey otherwise I couldn't account for his silence.

Coole ?
Unfortunately I didn't hear anything from you regarding the music for the ballet. I have plenty of musical ideas and I am convinced that we will do a beautiful thing. If I only would know the particulars of the ballet, for instance, style, time, kind etc.

I still have to collect a few debts of which I couldn't take care because of my sickness. About the end of the month I will go to Austria. I receive very interesting proposals concerning the import of dextrose and I will try to realize them. I hope that you, my dear ones are doing fine and that we will see each other soon.

Attest regards Yours

I hope that within a short time you will be able to listen to my new tones over the broadcasting station red-white-red in Salzburg.

I regret I did not get any reply to the lines I wrote you some time ago. I hope the bullet affair will materialize after all. I hope you are well and not a victim of the still hanging influenza. Perhaps you will soon listen to new tunes by me in the Wiltzstrasse radio. On the 27 March 1963 in the early afternoon there will be the first performance in the Frankfurt radio of the "Vierhundert" which I will briefly be representative of.

I would like to be in Wiltzstrasse on the 27 March or 1 April. I will live in the Hotel Stein. As it will be a Saturday or better Sunday I would appreciate very much if you left a few lines in the Hotel Stein where I can reach you on Saturday evening or Sunday morning. I have to live in the Stein because I have no apartment there with friends from the Philippines. I have come to Wiltzstrasse for a few days. Otherwise I would have preferred to live in the apartment in the Stein. I am quite with your new field of activity.

Yours
Heinrich Lauber

Is your letter reaching you?
